Essay Question Choices

On the final exam, you will need to answer one (1) essay question in class. I will give you a choice of three (3) from the following list.

1. Compare the policies of Chiang Ka-shek and Mao Tse-tung in dealing with the Japanese threat to China.

2. Discuss and evlauate the view that the foundations of World War II were laid by the Versailles Peace Treaty.

3. Why did Hitler come to power in Germany in 1933?

4. Analyze the comparative impact of colonialism on Asia and Africa up to 1950. Was it better in one continent than the other?

5. Describe and evaluate the role of racism on the world in the first half of the 20th century.

6. In the lecture on on intellectual, cultural, and technological developments, I proposed a tension between polarized opposite principles, the individual vs. the large institutional, state, or cosmic entity. Discuss and evaluate this polarized pair or one of your own choosing, such as authoritarian government vs. democratic-constitutional government, or prejudice vs. tolerance.

In answering the question, because of time constraints (you will have approximately 90 minutes for this part), you will need to focus your essay on discussing a few examples.
